## Engine

Canaline 52, 4 cylinder 2200cc engine with twin alternators - 50A and 110A, low noise Indirect Injection. PRM 150 hydraulic gearbox. Engine control panel with tachometer, water temperature, oil pressure & battery warning lights and voltage indicator. RCD emission compliant. 3 year warranty.

## Tanks

Stainless steel water tank 120 gallons (*approx*). Diesel Tank 60 gallons (*approx*). Pressure tested.

## Heating system

Diesel fired central heating system, with timer, running 3 radiators through a twin coil 13 gallon calorifier which is also connected to the engine cooling circuit meaning that the engine will heat the hot water. Also heated towel rail in bathroom.

# Technical (cont'd)

## **240v power system**

These craft come with a 240v system as standard, tested and installed to the relevant RCD standards. This has 3 double sockets and brushed stainless steel and simply needs plugging into the shore power. 20A Sterling battery step-charger to ensure your batteries will charge effectively and Sterling 2500 sine wave inverter.

## **12v system**

3 x 135ah Domestic batteries which are charged by a dedicated alternator. These are connected to a purpose-built distribution panel, which carries individual breakers for all of the appliances. The lighting is a combination of LED spots, spots and wall lights throughout the boat.

## **Gas**

Storage available for 2 x 13kg gas bottle.

# External

## **Finishes**

All but the basic sailaway's come beautifully coach painted in high gloss marine enamel over high performance primers and undercoats. The standard finish comprises one colour with a contrasting coachline but we are able to accommodate almost all personal preferences when it comes to specifying your chosen colour schemes, from additional colours for the side panels, roof and handrails to traditional decoration such as counter bands and bow panels. A non slip coating is applied to all relevant area such as decks, roof and gunwhales. The lower hull is prepared and bitumin blacked and has four anodes fitted ready for use in fresh water. ( If you intend to keep your boat in salt or brackish water please ask about suitable alternative protection).

The interior woodwork of your boat is finished in a high performance water based, low VOC, clear acrylic finish which is extremely hardwearing, has minimal impact on the natural colour of the timber and is kinder to the environment.

All soft furnishing fabrics are high quality, modern, upholstery weight materials designed specifically for seating and window dressings. As well as being both beautiful and practical they are all treated to the highest standards of flame retardency for your safety. There are hundreds of colours and designs to choose from.

Flooring options are chosen to be attractive, practical and hardwearing with a choice of carpeting, vinyls, laminates and solid hardwood. Available in a broad range of colours and designs and in any combination.

## **Windows**

Variety of windows fitted to both sides comprising of 14" port holes and a mix of 18"/36"/42" sized windows.

# Internal

## Lining and wood type

Oak or Ash faced ply with matching hardwood trim can also be complimented with cream painted panels to the upper cabin interior walls and / or a cream painted tongue and groove ceiling all with matching solid hardwood cappings and trim. To ensure both strength and stability fitted furniture will be constructed from high quality moisture resistant veneered MDF again with solid hardwood cappings.

## Galley

The apartment sized galley offers contemporary styling combined with mod cons and ample storage alike. Feature granite work surfaces are included as standard (walnut hardwood no cost option) with 4-burner full-sized hob with stainless steel oven and separate grill under. The household size stainless sink features a monobloc tap. The galley comes complete with a microwave and a 12v fridge with freezer box.

## Saloon

The saloon area is designed for free standing furniture. 32" flat screen TV and radio/CD player is housed, depending on layout, with either a floor to ceiling hardwood multi-media centre with storage or an under gunwhale side unit. A solid fuel stove sits on a tiled base with hardwood surround.

## Bathroom

The spacious bathroom with mirrored units and heated towel rail. There is a large corner shower which is fitted with a waterproof panelling system that provides a contemporary and watertight finish. The feature vanity unit with hand basin resting on a granite (or walnut) worktop to match the galley. The toilet is a electric macerator pump out. All in all this is a room that wouldn't be out of place in a modern day apartment.

## Bedroom

The bedroom has been designed to create an environment of relaxation with practical storage. Fixed double with drawers under and overhead cupboard with down lights. There are multiple wardrobe units, their position in relation to the bed varies between the conventional and reverse layout boats. The bow doors are hardwood, 1/2 glazed, and fully lockable. The second bedroom option allows you to specify a second cabin containing either a double bed, wardrobe and dressing table or one with a single bed, wardrobes and desk / study area. We can often adapt this area to other uses and include such things as bunk beds or a home office. Please discuss your requirements with us and we will do our best to come up with a workable solution.
