FMC 1908 - 60ft - Traditional Stern Narrowbeam boat lying at Mercia Marina

Tasmania is an ex FMC horse boat converted to a motor boat. The present owner is reluctantly selling due to other commitments. During the last 4 years much work has been undertaken by Paul Barber, well known for restoration of working boats and latterly Simon Waine of Brinklow Boat Services another yard held in highest of regards for there restoration work. At Brinklow Tasmania had 10' added bringing the boat to its present 60' in length this created a good size saloon. Also at Brinklow a professionally rebuilt Lister HRW2 was installed. The present owner has continued to upgrade the boat having recently fitted a new Heritage Aga style diesel cooker. This also provides hot water and heats the radiators.

This is a lovely boat still with room to put your own mark on it.
