Sheffield Class £89950

SOLD

Jonathan Wilson 2013 - 60ft - Cruiser Stern Widebeam boat lying at Outlying Marina

This is a great opportunity to purchase a Sheffield Class barge built by Jonathan Wilson and fitted out by a joiner employed by the owners. Originally built as a residence and business, the boat is now for sale and would equally continue as a business or with very little effort be turned into a very comfortable cruising/ livaboard boat. From the stern there is a full width of boat cabin with a fixed double bed with storage under, plenty of hanging space and walk in wet room shower enclosure. From the bedroom a passage way has a toilet off on the starboard side and on the opposite side of the passage a second cabin which would make an ideal office or second sleeping cabin. The galley takes up the full width of the boat with a central isle leading into the large saloon area which is at present is open plan with a fire set in feature fireplace. Mooring could be available on request.

Printed on 5th December 2015
