David Bridgeman 2015 - 52ft - Traditional Stern Narrowbeam boat lying at Mercia Marina

Mallard, as featured in Septembers Waterways World, evolved through the experience of her long term boating owners who were very much hands on in the design process, and Paul Garner the builder who was open to new ideas. At 52' Mallard is a comfortable boat to cruise and manoeuvre, yet has the feel inside of the very much bigger boat . Mallard is an ideal long term cruising boat, or livaboard, due to the impressive use of space. The interior is light and airy, with painted panels with light oak trims. The saloon is forward with a mult fuel stove to one side of glazed front doors. Well equipped galley with washing machine. Walk through bathroom with quadrant shower, Thetford toilet and sink in vanity. bedroom with cross bed, his and hers wardrobes either side. Engine room at the stern housing all services. New boat, with many extras.
