**SOLD**

### **Collingwood / Coupland 2015 - 60ft - Cruiser Stern Widebeam boat lying at Mercia Marina**

Harry Buoy is a beautiful, comfortable, floating home with a very light feel all the way through. The internal space is maximised with the enclosed bow area, this allows you to have a very private full width of boat bedroom. Entering from a pram cover enclosed stern there is a generous galley area with a good range of cupboards and appliances. A table in the centre of the galley creates a good dining area as well storage, often missed on many boats . A large open plan saloon with a multifuel fire. A passage way off the saloon has a very useful second bedroom with dressing table and wardrobe. Further down the passage way is the bathroom which takes up the full width of the boat and has all the normal features including a full size bath with shower over. A central door leads into the master bedroom with a full size double bed. At the foot of the bed are wardrobes either side of the door
