Bison - Fleet no 289

£87950

SOLD

Fellows Morton & Clayton 1928 - 70.5ft - Traditional Stern Narrowbeam boat lying at Mercia Marina

Bison offers the best of both worlds, the historical FMC built boat with all the history that goes with it, and the new cabin extension providing ample, modern living space, backed up by modern appliances, an efficient battery bank and 24v inverter/charger. A recent full hull survey is available, undertaken in October 2018, this would be available to view upon request. The hull underwent major restoration by Graeme Pearce in the early 2000's, this was followed by construction of the new cabin. The accommodation comprises of boatmans cabin, engine room, walkthrough bathroom, bedroom, saloon and galley. The galley doors open into an 8' hold area, great outdoor space for the summer, or maybe trading from. The living area is light and airy, with heavy oak moulding over white panels. An oak floor runs from the galley to the engine room. Bison is a special boat, please call for more information.

Printed on 25th July 2019

Bison - Fleet no 289

CONSTRUCTION

Width	6'10"	Draft	36
Construction	Iron / Steel	Horse Power	42.5
