Tyler / Wilson 2020 - 58ft - Semi-traditional Stern Narrowbeam boat lying at Mercia Marina

We are very pleased to have another high quality new boat here in Mercia Marina. Harper-Coles have crafted this interior in a shell built by the well respected Tyler /Wilson. You cant fail to be impressed by the lines of the Jasher style bow with its false rivets replicating working boats of old. Years of boat building experience have gone into creating a boat that handles and swims well. The same quality is found inside the boat with its crisp painted panels and intricate oak mouldings creating a light and spacious feel. The From the open plan saloon to the contemporary galley with breakfast bar you immediately feel the quality. The bathroom is a walk through with the bedroom at the stern. Specification includes - Washing machine - 5x110amp batteries - and 3kw Victron combi Inverter charger. The paint work which certainly catches the eye was done by John Barnard. Cratch & cover included.
