Jacana £77950

SOLD

Steve Hudson 2001 - 57.4ft - Traditional Stern Narrowbeam boat lying at Dunchurch Pools Marina

Jacana is a fine example of a Hudson boat, in really lovely condition, both externally and internally. Everything is here for someone who is looking for a traditional boat at a size that will cover the whole system, powered by the very impressive JP3 sat in the only place an engine should be, a mid engine room. Jacana has all the right equipment for a long term cruising or residential boat. Spec includes, water cooled gen set tucked away in the engine room and Mastervolt inverter and separate charger. In typical Hudson style the interior is solid with a very bespoke feel. Although there are portholes throughout the boat has a light and airy feel helped by the Houdini hatch and side doors with inner Perspex panel. Moving down the boat there is the galley, bathroom and of course the engine room and boatmans cabin. This boat is a great example of why Hudson boats are much sought after.

Printed on 17th May 2021
