**Stoke On Trent Boat Builders
1990 - 57ft - Traditional Stern
Narrowbeam boat lying at Mercia Marina**

Sheba is a good all round livaboard boat, built by the highly regarded Stoke On Trent Boat Builders in 1990.

Much money has been spent on the hull of this boat to a high standard, including shot blasting and zinc spraying, ensuring no maintenance should be required for many years. The style of joinery throughout the boat is very traditional and of a good quality. From the well deck you enter the saloon area which has a diesel Bubble stove situated at the galley end of the saloon. The galley is a good size with bespoke built units. The bathroom is off corridor and has a pumpout toilet, sink in vanity unit and shower. This boat has a mid engine room, the engine is boxed in and is very quiet when underway. Next is the bedroom with a fixed double with storage under, wardrobes and 2 cupboards. At the stern is a short boatman's cabin. Good

Printed on 14th January 2021 including solar panels.

Sheba

CONSTRUCTION

Width	6'10"	Draft	2
Construction	Steel overplated shot blasted, zinc coated	horsepower	55
