Frederick 11 £52000

Roger Fuller - Five Towns Building 1991 - 54ft - Dutch Barge Style Stern Narrowbeam boat lying at Mercia Marina

Frederick 11 is a local boat to us, designed by a good friend and built by one of the iconic names in boatbuilding, Roger fuller of Fivetowns Boatbuilding. There really isn't enough space to detail all of this unique tug/dutch barge style boat. Freddy was built to be able to go anywhere on the inland waterways and navigate tidal sections with ease. The heart of the boat is the 6 cylinder Gardner which is below deck at the stern, the shape of the stern is glorious and has a wonderful under water profile. Briefly the boat comprises of a wheel house with hydraulic steering and collapsible roof. Forward is the master cabin with sleeping for 2 with ensuite bathroom. The stern cabin has the galley, pullmans dinette and saloon area. The owner has produced a 110 page book for the new owner giving an in depth description of the boat and all its equipment. This is a special boat, a real head turner.

Printed on 27th June 2022
