Jonathan Wilson
2015 - 60ft - Semi-traditional Stern
Narrowbeam boat lying at Dunchurch Pools Marina

Moose is a fine example of Jonathan Wilson's steel work. Moose is a semi trad with strong traditional influences. The panels on the stern are recessed, a false engine room plate sits over where you would expect the engine room to be and of course false rivets adorn the Jasher style bow. From the tug style deck you enter the long saloon with sofa bed and multi fuel stove. A TV is mounted under the gunwales. The galley with its granite work tops has a breakfast bar with 2 stools. Appliances include a washing machine. The bathroom is off corridor and has a macerator toilet, sink in vanity unit and tiled shower with shelving to the side. The bedroom has a fixed double bed with storage under, wardrobe and a multi fuel stove, a nice traditional feature, but also along with the stove in the saloon making this a very warm and comfortable boat, a real head turner.

Printed on 20th April 2022
