Stem To Stern 2005 - 60ft - Cruiser Stern Widebeam boat lying at Mercia Marina

Waterway To Live is a 60x11 widebeam with a reverse layout, but with a twist in that the saloon is at the stern, followed by the galley and then the bathroom and bedroom. Entering from the stern deck with its pram cover over, an essential for any widebeam, you enter the large saloon area which has a large flat screen TV and multi fuel stove. The salon is a good size for loose furniture. The galley has a full range of appliances for residential use, including the essential dishwasher. Off the passage is the bathroom with macerator toilet, shower and sink in vanity unit. The bedroom has a fixed double bed with storage under, the impressive bed head has shelves and pull out cupboards either side. There are 2 freestanding wardrobes as well as a built in wardrobe to the side of the bed. Extra built in storage can be found in the passage way.
