**SOLD**

## Troutbridge £39950

### **Graham Edgson/Norton Canes 1989 - 62ft - Traditional Stern Narrowbeam boat lying at Mercia Marina**

Troutbridge is a 62' Traditional boat constructed by the highly regarded Graham Edgson of Norton Canes Boat Builders along traditional & classic lines. Troutbridge could be described as something of a project due to the back cabin being lined only and some remedial work to be done elsewhere. It has been reported that there was pitting found in and around the waterline, action was taken in the form of grit blasting followed by painting with Hempel epoxy paint. None of the above takes away from the fact that this is an opportunity to own a boat with a real traditional pedigree. The specification includes - Recently fitted stainless steel water tank, Gardner L2 with PRM gearbox, 4 Trojan batteries, Victron Inverter charger, Eberspacher diesel heater, Generator (reported not working), 2 solar panels. Trad layout, saloon, galley, bathroom, bedroom, engine room and back cabin.

*Printed on 22nd May 2023*
