Ocho £169950

Lambon Boats 2006 - 70ft - Cruiser Stern Widebeam Inspection Launch boat - Outlying

Ocho really is something special. This widebeam, built along the lines of an early Inspection launch was built by the highly regarded Lambon Boatbuilders. The specification is high and includes a 16kva generator, hydraulic bow thruster and 24v stern jets, Vetus 114hp engine with hydraulic drive, Mastervolt Combi 4kw inverter along with a back up inverter, solar panels and much much more. Well equipped galley, large open plan salon with bow top windows either side. From the saloon you walk into the well deck area which the roof extends over, there are roll up covers either side. There are 2 bedrooms and a very high spec bathroom which includes a bidet. As well as being an ideal residential boat, Ocho with her large saloon area with the open for end would be ideal as a cruising and dining boat. The present Thames mooring is available subject to t&c's. Call Mercia for details on how to view.

Printed on 16th September 2023
