## Carpe Diem £38950

### **Stoke On Trent Boatbuilders 1994 - 40ft - Traditional Stern Narrowbeam boat lying at Hanbury**

Carpe Diem was built by the well respected Stoke On Trent Boatbuilders, renowned for their quality over many years. Although only 40' in length this boat does feel very roomy and has better storage than many larger boats. The style of boat is traditional which maximizes the cabin space available. Entering from the bow you step down into the saloon which has seating either side and an occasional table on desmo legs in the middle. This area makes up into a large double bed with storage under. Between the saloon and galley is a Lock Gate diesel stove with back boiler. The galley has a good range of floor units as well as wall cupboards. A passage way from the galley has a set of side doors with lifting hatch and steps. The bathroom is off the passage way and has a bath with shower over, sink in vanity unit, cassette toilet, and large cupboard. To the stern is a large wardrobe / cupboard.
