**Mirfield Boat Yard
1994 - 23ft - Cruiser Stern
Narrowbeam boat lying at Hanbury**

Pixie at 23' is something of a tardis. Everything is here that you would find on a bigger boat. Pixie would make a great weekend or day boat, equally she works a livaboard boat, as I found when I visited. Entering from the good size stern deck, which below houses the 2 cylinder Beta engine and battery bank. The engine bay is clean and dry, indicating good ownership. Entering through the stern doors you have the galley on the left with a bathroom opposite. At the front of the boat there is seating either side which by night is converted into a single cross bed. The front of the boat is enclosed with a large opening window. A double bed into the bow could be created without too much expense. This is a charming little boat which has been well looked after. Recent blacking and survey July 2024. Only back on the market as the buyer realised they need a bigger boat.
